Everyone that spoke was so knowledgeable, I just wanted to take them home for my business. All of the innovations were so exciting to learn about and I couldn't wait to get home to implement them!

Great event all around, especially for someone new to the industry it was a great opportunity to learn a variety business and clinical topics. Exceptional nurse practitioner representation.

MedSpa Pro was a mind blowing experience! All day learning balanced with evening themed events created this amazing trip. It was an immeasurable investment for an aesthetic provider to level up in both clinical and business practice.
